

PDS Portable Display Stands

PDS Monolink

The PDS Monolink is our most flexible, graphic stand. Fast and easy set up, combined with a shoulder strap, lightweight carrying case, and a full line of accessories make this stand our #1 seller. It is self-contained with a telescopic pole and a bungee-corded tripod base. Graphics for this stand can be produced up to a maximum of 4 ft. wide and 9 ft. tall. Durable hardware ensures the graphic will hang smooth and flat.

PDS Recoil

The PDS Recoil is a retractable image stand with a twist. The Recoil offers a unique telescoping pole that allows your graphic to range in size from 30 up to 80 inches tall. For an economical solution to your instant graphic needs, this stand is perfect. The Recoil comes complete with a dual stabilizer base and carrying case.

PDS Flex

The PDS Flex is a simple, cost effective way to display your image. An 80" tall tension-fit vinyl graphic is supported by a bungee-style collapsible pole. The sleek clamp style hardware allows users to change the graphic quickly and with ease.

PDS Swift

The PDS Swift is a self locking pop-up frame available in straight or curved formats. The Swift is designed so that, without tools or tinkering, the frame can be setup or dismantled swiftly. With it's sturdy framework and variety of accessories, the PDS Swift is perfect for creating real interest in your marketing message.

At Print Center, we produce graphics large and small on a vast selection of materials. Combined with our variety of unique and often custom display products, we provide imaging for Tradeshows, Point of Purchase, Corporate Environments, Museums, Municipalities, Schools and more.
